Re: Latitude Learning Portal

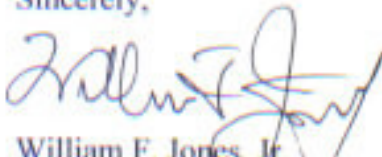

Dear Mr. Walter:

I am writing to express my deep appreciation for your very generous donation of the use of a Latitude Learning Portal to Focus: HOPE, allowing Focus: HOPE and its students and clients to use the Latitude Learning system.

This system is a tremendous addition not only to our many workforce development and training programs, but also to our neighborhood initiative, the HOPE Village Initiative. We have already begun to use the portal in earnest, and expect that we will grow our use in the near future, as more and more of our department managers become conversant in using the system and all that it has to offer. We also expect that this system will be a key feature of our delivery of learning opportunities in our new Family Learning Center, which is scheduled to open in June. It is seldom that we find partners who are willing to donate the use of such excellent and cutting edge tools to further our work of combating racism, poverty and injustice. Your company has found a way to make a real contribution to our work of creating opportunity for members of our community, and for that we extend our sincere and lasting thanks.

We look forward to touching base with you in a few months to update you on our use of the system. In the meantime, please accept our sincere thanks for your very helpful and worthwhile donation.

Sincerely,

William F. Jones, Jr.
Chief Executive Officer
