

Congratulations on successfully completing the LatitudeLearning Free Trial registration! You now have 30 days of access to our LMS Trial Experience. In this setup, you are configured as a Franchise Owner in the Location Administrator role. This grants you the ability to add up to 10 users, manage their training, and track your team's progress as you evaluate the LatitudeLearning LMS.

[Trial Login Page](#)

Getting Started with Your Trial Experience

To help you hit the ground running, we've automatically assigned some introductory courses to you. These courses will guide you through the basic functionalities of the LMS. Simply click on the course tiles in the LMS to launch the eLearning courses.

Brief introduction about the trial experience and what you can do in the portal

Describes the Jobs and Roles that are configured in the portal, in preparation for adding users.

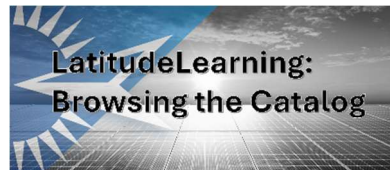

Describes the courseware, curriculums, and certifications that are pre-configured in the portal.

Additional Learning Resources

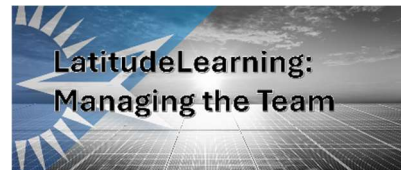

Beyond the introductory courses, we've provided additional resources to help you explore the full capabilities of the LMS. These courses are tagged as featured courses and pinned to the bottom of your learning home page.

Learn how to use the Manage Users interface to create and manage your employees' jobs and roles within the LMS.

Discover a wide range of additional courseware available in your trial experience.

Utilize the MyTeams interface to view and manage the learning progress of your team members.

Support and Assistance

If you have any questions or need further assistance, don't hesitate to reach out. I'm here to help you make the most of your trial experience and discuss how LatitudeLearning can support your Extended Enterprise training needs.

Thank you,
